Journal of Northwestern Polytechnical University

The *Journal of Northwestern Polytechnical University* was founded in 1957 and is published bimonthly. It mainly publishes research results in aviation, aerospace, marine science and engineering technology. The purpose of this journal is to reflect the achievements and dynamics of scientific research in these fields and promote the exchange of schools. The *Journal of Northwestern Polytechnical University* is one of the core journals in China.

ISSN: 1000-2758

Publication periods: bimonthly
